### Interdisciplinary Programme on Palliative and End-of-life Care

has been developed in cooperation with 7 European Universities and an North-American University: University of Connecticut (UCONN). In January 2020 the project will be organized in two parts: a Preparatory Programme and an Intensive Programme in Ghent, Belgium, 26th January till 31st January 2020.

#### Part 1 – Preparatory Programme:

Participants have the option to stay in Ghent and take a 'pre-programme' in face-to-face education from 21th till 24th January 2020.

**Topics:** community health care, active ageing, mental health and oncology. Preparatory work can also be done in distance learning. This includes assignments such as a personal introduction on Facebook, some reading, preparing of a presentation and a study 'visit@home'.

#### Part 2 – Intensive Programme:

**Topics:** introduction to palliative and end-of-life care, communication with clients, bereavement, family and environment; ethical issues related to end-of-life decisions and euthanasia, spiritual and existential pain; caregiver's perspective; intercultural issues.

**Workshops:** complementary care and interdisciplinary cooperation (haptonomy, aromatherapy, reiki, art therapy).

**Student project:** hands-on practice during workshops in nursing homes for elderly.

## INFORMATION ON THE COHEHRE ACADEMY

The Coehre Academy is one of the activities within the Coehre consortium. The aim of the Academy is to enhance international, interdisciplinary, interprofessional cooperation and capacity building within health education among the members institutions.

The Academy acts as a platform that initiates, supports and coordinates different activities. It offers opportunities to create, stimulate, found and intensify networking of partner institutions and to develop joint initiatives.
