

Interdisciplinary Programme on Palliative and End-of-life Care + Advanced level 31.01 - 03.02.2023

has been developed in cooperation with 10 European Universities and a North-American University: University of Connecticut (UConn).

As a spin-off of the student and staff programme IPPE we organise a special programme for participants from clinical practice: IPPE+. The programme on the advanced level will focus on how to develop services in the field of palliative and end-of-life care. The advanced level is supervised by experienced tutors and with counselling of experienced practitioners. Participants must have practice within the field of palliative care.
