

GENERAL ASSEMBLY MINUTES 2021 ONLINE

2020 was a year in which we were presented with **a lot of hurdles as well as the start of some remarkable milestones**. It has also set the tone of tenacity and perseverance for 2021. COHEHRE focused on turning 'live' courses into equally interesting and eventful online courses because of the pandemic. Webinars have been organised to create an opportunity for teachers to share how they coped with the new changes that the pandemic brought. It proved to be a very successful approach with a high attendance rate! Students have been able to work in international teams where they were presented with challenges, experiments, creativity and new skills. Through these intensive courses they have experienced personal growth regardless of the online environment they found themselves in.

Voting took place by mail by the member institution representative.
