

Interdisciplinary Programme on Palliative and End-of-life Care - IPPE+

has been developed in cooperation with 10 European Universities and a North-American University: University of Connecticut (UCONN).

Student programme IPPE

In January 2024 the project will be an Intensive Programme in Ghent, Belgium, 28th of January till 2nd of February 2024:

Intensive programme 28.01 - 02.02.2024

Topics:

- + Introduction to palliative and end-of-life care
- + Communication with clients
- + Bereavement
- + Family and environment
- + Ethical issues related to end-of-life decisions & euthanasia
- + Spiritual and existential pain
- + Caregiver's perspective
- + Intercultural issues

Workshops:

- + Complementary care and interdisciplinary cooperation (haptonomy, aromatherapy, reiki, art therapy).

Continuous Professional development (CPD) for practice IPPE+

As a spin-off of the student and staff programme IPPE we organise a special programme for participants from clinical practice: IPPE+. The programme on the professional level will focus on how to develop services in the field of palliative and end-of-life care. The advanced level is supervised by experienced tutors and with counselling of experienced practitioners. Participants must have practice within the field of palliative care.

INFORMATION ON THE COEHRE ACADEMY

The Coehre Academy is one of the activities within the Coehre consortium. The aim of the Academy is to enhance international, interdisciplinary, interprofessional cooperation and capacity building within health education among the members institutions.

The Academy acts as a platform that initiates, supports and coordinates different activities. It offers opportunities to create, stimulate, found and intensify networking of partner institutions and to develop joint initiatives.

For further information on this Seminar, please contact:

Filip Dejonckheere
